

Everyday Solutions®

EveryInspection™ | Vehicle Inspection Management

Capture inspection data about every vehicle in your fleet and store it in a central repository so that information gets **tabulated and reported in a consistent way.**

CHALLENGE

To ensure that pre-trip and post-trip inspections are performed consistently and act quickly on equipment that needs servicing.

SOLUTION

Use a Web-based application to automate the pre-trip and post-trip inspection checklist and reporting.

KEY CAPABILITIES:

Electronic Inspection Checklist:

Create and maintain an electronic inspection checklist that ties into your district's standard operating procedures.

On-board Mobile Data Terminal (MDT)

The EveryInspection software, which operates as an electronic clipboard, works in conjunction with a Mobile Data Terminal (MDT) installed on the bus.

Standard Reports

Equipment Fault Summary: Lists statistics for failed inspection items

Vehicle Inspection Summary: Summarizes inspections for each vehicle

Vehicle Fault Detail: Provides detailed information about vehicle faults found during inspection

“EveryInspection™ enables us to simplify pre-trip and post-trip inspection data collection. A centralized database makes it easy to track issues and creates a living record of fleet-wide inspections and repairs.”

EveryInspection is very configurable and will conform to all of the current and emerging requirements for your school district. An unlimited number of inspection items can be configured in the system. Items that become obsolete can be retired from the system yet are maintained in the database for historical reporting.

Sample Inspection Categories

Lights, Systems, Brakes, Tires, Wheels, Mirrors, Gauges, Exhaust, Control Panel and Interior/Exterior.

Equipment Fault Summary

ITEM CODE	FAULT ITEM	DRIVER'S POLICY	# OF REQS	REQS
001	FIRE EXTINGUISHER	NOT DRIVABLE	1	0
002	3 RED REFLECTIVE TRIANGLES	NOT DRIVABLE	1	0
006	OIL PRESSURE GAUGE	NOT DRIVABLE	1	0
027	TEMPERATURE GAUGE	NOT DRIVABLE	1	0
061	WINDSHIELD WIPERS AND WIPER	NOT DRIVABLE	1	0
062	HEATER AND DEFROSTER FANS	NOT DRIVABLE	1	0
063	DEFROSTER DODK	DRIVABLE	1	1
076	MIRRORS	DRIVABLE	1	1
077	HORIZONTAL FRONT & REAR	DRIVABLE	1	1
083	WINDSHIELD	NOT DRIVABLE	1	0
101	L AND R SIDE MIRRORS	NOT DRIVABLE	1	0
102	L AND R FRONT MOUNTED REAR	DRIVABLE	1	1
116	STOP ARMS	NOT DRIVABLE	1	0
126	REAR TIRE TREAD AND TWEELS	NOT DRIVABLE	1	0
137	TAILLIGHTS	NOT DRIVABLE	1	0
138	HORNED TURN SIGNALS	DRIVABLE	1	1
206	ANY CHILD LEFT BEHIND IN BUS	NOT DRIVABLE	1	0

Vehicle Inspection Summary
